DESTINI EXPANDS CUSTOMER LIST WITH NEW CONTRACT FOR ROYAL MALAYSIAN POLICE

KUALA LUMPUR, 28 November 2015 – Destini Berhad (“Destini” or the “Group”), a leading Malaysian integrated engineering solutions provider, today announced that its wholly-owned subsidiary, Destini Prima Sdn Bhd has secured a contract worth RM10.0 million to provide maintenance, repair and overhaul (“MRO”) services to the air wing division (Pasukan Gerakan Udara) of the Royal Malaysian Police.

The scope of work involved is for the provision of MRO services and supply of parts for safety and survival equipment, ground support and mechanical equipment, electronic equipment, airborne multisensor system and flight operation equipment.

The contract is for a three year period starting from 30 November 2015 to 29 November 2018.

Commenting on the award of the contract, Managing Director of Destini Berhad, Dato’ Rozabil Abdul Rahman said, “This contract win is significant for us as it welcomes the Royal Malaysian Police as our new customer. We have been involved in providing MRO services to the Royal Malaysian Air Force and the Royal Malaysian Navy over the past 15 years. This is a testament to our credibility and proven track record that we have built over the years. We are honoured with the confidence placed in us by the Malaysian Government and are fully committed to delivering long term value to the nation.”

“This contract is timely and in line with our Group’s ambition to expand into the commercial aviation sector. In conjunction with our expansion into the commercial MRO aviation sector, we have invested into a facility in Bukit Jelutong with our joint venture partner UK-based Avia Technique Limited to undertake component MRO services. Once operational in early 2016, this will enhance the Group’s aviation MRO service offerings,” he added.

This contract will boost the Group’s existing orderbook of marine and aviation MRO services and is expected to contribute positively to Destini Berhad’s earnings in the coming years.

ABOUT DESTINI BERHAD

DESTINI BERHAD (“**Destini**” or the “**Group**”) is an integrated engineering solutions provider that is in the business of ensuring safety and survival in the aviation, marine and oil & gas sectors.
