## Destini subsidiary and partner to provide MRO services

**KUALA LUMPUR:** Destini Bhd's unit, Destini Prima Sdn Bhd and Advanced Military Maintenance, Repair and Overhaul Center LLC (AMMROC) have signed a memorandum of understanding (MoU) to provide aviation maintenance, repair and overhaul (MRO) services.

Destini said the MoU, signed at the Defence Services Asia 2016 exhibition here on Tuesday, would pave the way for both parties to expand their aviation MRO services to include

services for escape systems provided from AMMROC's new regional state-of-the-art MRO facility in Al Ain, Abu Dhabi, United Arab Emirates (UAE).

"Once completed, the 1.2 million sq ft facility will be one of the largest dedicated MRO military centre in the world," it said in a statement.

"It opens up huge opportunities for us to tap a wider group of military and commercial aviation customers and we are optimistic about the outlook in the Samena region as

there is plenty of room for development," Destini's group managing director Datuk Rozabil Abdul Rahman was quoted as saying in the statement.

Meanwhile, AMMROC chief executive officer Fahed Al Shamesi said the MoU underlined its shared commitment to ensure AMMROC was able to continue to deliver the highest level of safety standards and service to the UAE Air Force and Samena region. – Bernama
